NOTICE TO THE PUBLIC

August 1, 2022

Reappraisal of Residential Property

The Rusk County Appraisal District will begin its reappraisal on residential properties starting August 2022 to March 2023. We will be conducting on-site inspections of residential properties, which will include updating our property photographs. Our protocol is to attempt to make the property owner or resident aware by ringing the doorbell or by knocking on the front door to identify ourselves. Each appraiser will have the following identification items with them at all times: pictured ID, business card, car signage and a Texas Department of Licensing & Registration (TDLR) registration card. Should the property owner or resident be away we will leave a business card at the front door. After contact is made or it is established that nobody is available at the property, we will conduct our inspection of the exterior of the property. Please feel free to contact our office if you have any questions.

Weldon R. Cook, RPA, CCA
Chief Appraiser
Rusk County Appraisal District
